

Search Help Page

Use the following symbols to specify your search query:

- **Word, that must be in the result page:** Insert the symbol + before the word
- **Word, that must not be in the result page:** Insert the symbol - before the word
- **The exact phrase must be in the result page:** Put quotes (" ") around a set of words

The full text search engine will parse the document itself and all documents included in the download section at the end of the document. If you don't insert any of the symbols above, a search algorithm will take place to find the results.

Examples:

+ "blue book 2005" + november

Use this query to get results with the phrase "blue book 2005" and the word "november" in it.

+ "blue book" + 2005 - november

Use this query to get results with the phrase "blue book" and the word "2005" and not the word "november" in it.
